

Breeder's Guarantee

Cat/Kitten is current on age appropriate vaccines. We vaccinate for feline rhinotracheitis, calcivirus, and panleukopenia either once, twice, or three times depending on age when leaving the cattery; the vaccination schedule is as follows: initial dose 8-10 weeks of age, second dose 3-4 weeks after first, and final dose an additional 3-4 weeks later. FIP and FeLV are **NOT RECOMMENDED**. We deworm at 2, 4, 6, and 8 weeks of age, again at 12 weeks and 16 weeks, then again at 6 months and 1 year, and every 6 months as an adult.

Cat/Kitten to the best of our knowledge is healthy and is to be of sound health upon arrival. Cat/Kitten **MUST** be vet checked within 48 hours or the contract will be in breach. It is recommended the kitten be kept in quarantine during this time. If found to be medical deficient with an untreatable or life threatening illness the buyer must notify the seller with a letter from the examining/diagnosing veterinarian, a DNA analysis may be required. Upon its return to the cattery, it will be replaced with another kitten/cat if available. (**NO monies refunded**). The breeder has up to 24 months to replace the kitten given they are actively breeding. The kitten should also be checked for parasites although they were wormed before leaving the cattery, it is always possible.

Cat/Kitten is guaranteed against congenital defects up until its 2 years old. Should it die within this time due to a congenital defect the kitten will be replaced with one of the same quality and value when the next is available, only if a necropsy has been performed and the veterinarian certifies proof of cause of death.

Cat/Kitten sold as show quality will not guarantee championship status.

Cat(s)/Kitten(s) of the purchaser's choice will be held with a deposit. The deposit counts towards the total cost of the kitten and is non-refundable.

Cat/Kitten will be spayed/neutered before going home with purchaser. Kitten will leave no less than 12 weeks of age. **NO EXCEPTIONS.**

Cat/Kitten leaves the cattery freshly bathed, has nails clipped, ears cleaned, and CFA and/or TICA registration papers; Breeder is available throughout the lifetime of the cat to answer questions, help with concerns and to give sound advice.
